[2023-03-24 19:20:28+00:00] 777000: **Enable Two-Step Verification**

Dear Aayushman, your account is currently **not** protected with an additional password and only requires an SMS code to log in.

For your security, Telegram recommends that you **set up a password** in **Settings > Privacy & Security > Two-Step Verification**.

This password will be required each time you log in on a new device. This way, simply entering an SMS code will not be enough to access any of your data.

[2023-02-24 08:22:52+00:00] 777000: **Enable Two-Step Verification**

Dear Aayushman, your account is currently **not** protected with an additional password and only requires an SMS code to log in.

For your security, Telegram recommends that you **set up a password** in **Settings > Privacy & Security > Two-Step Verification**.

This password will be required each time you log in on a new device. This way, simply entering an SMS code will not be enough to access any of your data.
